SKILLS

- JavaScript, TypeScript, React, NextJS, NodeJS, NestJS, PHP, C#, Express, TailwindCSS
- Backend, Micro-Serviços, Docker, GIT, Prisma
- MongoDB, PostgreSQL, MySQL, Firebase, Supabase

WORK EXPERIENCE

BeIT-Solutions: *Intern*

02/2022 – 03/2022

- I completed training courses in SAP S/4HANA, developing skills in ERP systems.
- I developed and implemented the website for the company AMI-SYS (now BeIT-Solutions) using WordPress.

Addup: *Intern*

03/2023 – 07/2023

- I developed multiple websites in WordPress for various companies, customizing functionalities to meet the specific needs of each client.
- I acquired skills in digital marketing and managed shared hosting for the company's clients.
- I developed a platform for generating and managing QR Codes using Node.js and Express, allowing the creation of personalized QR Codes (vCards, links, among others) and integrating analytics features to monitor views, geographic location, devices used, and other relevant metrics.
